

July 28, 1950.

Dr. Sol Spiegelman,  
Department of Bacteriology,  
University of Illinois,  
Urbana, Illinois.

Dear Sol-

May I remind you of your promise to send me a culture of your red yeast, and a summary of your experiments confirming the action of acriflavine. I would greatly appreciate your cooperation in sending this material fairly soon so that I can putter with the experiments this summer here at Berkeley. Thanks,

Sincerely,

Joshua Lederberg
